**Subject:** Thank's For Your Time

I would just like to take this time and to thank you for the time and effort that you put into the Ladies Personal Protection Class. It must be so hard to know that there is so much to teach the student. if we would put a value on our lives first. I do value and I do take to heart the things that you have been teaching me and you are willing to keeping teaching me.

You are instilling a confidence in me that I never knew I had. And you are making me look deep into myself and awaken the yearning of knowledge in this sport.

You will never know how much I have learned in the different classes/ Wed evening shoots. I hope that you know that you have made a big difference in the way I have been able to look & act in different situations and know that if something happens I will be able to put up the fight of my life and or fight the for the safety of my small little family.

I look forward to the continued Firearm and Personal Safety education that you offer to me.

Thank you,  
Patsy
